FILE REF: DSA/OP/F-01/[redacted]

SUBJECT: PROJECT F-01 — ANOMALOUS SUBJECT: TAFARI JAHLON FOSTER

DATE/TIME [redacted]

DISCOVERY DATE: [redacted]

PAGES: 1–4 of 4

DECLASS STATUS: DECLASSIFIED [redacted] 2025) –

EXECUTIVE SUMMARY

---

Post-incident analysis confirms Subject TAFARI JAHLON FOSTER represents the only verified Type-∞ anomaly recorded to date. Containment deemed impossible. Observation and custodial protection continue per Directive PRIMORDIUM, governing direct manifestations of the Source Field.

SYNOPSIS / SITUATION SUMMARY

---

(1) Multi-domain observation identified Subject TAFARI JAHLON FOSTER as an anomalous entity exhibiting non-classical energetic signatures.
Cross-correlation reveals cultural resonance patterns confirmed as incomprehensible *“Amun-Ra — Deus Deorum, Somnium Somniorum (The Dream of Dreams)”*.

(2) Containment and memetic-control models OMEGA-1→4 failed to predict or constrain behavior. Designation: ANOMALOUS — TYPE-∞ SOURCE FIELD.

(3) Recommended posture: null observation and custodial protection.

SOURCES / RELIABILITY

---

HUMINT H-2 (B); SIGINT S-1 (A); GEO-SOC G-3 (B); DSA-INT Consensus (A)

KEY JUDGMENTS

---

1. Sustained high-coherence output across spectra. SOURCE-CLASS
2. Direct opposition → rapid self-failure curve. SOURCE-CLASS
3. Global sympathetic alignment > 95 % CI.  SOURCE-CLASS
4. Physical containment infeasible; protection required. SOURCE-CLASS

TABLE I – POWER / RISK INDEX

---

| Metric | Measurement | Note / Confidence |
|:-------|:------------|:----------------|
| Field Coherence Index | 10 / 10 | Saturation – A |
| Cognitive Influence Radius | Global (≥ 100 %) | Cross-media coupling |
| Energetic Output | Non-linear / ∞ | Instrument ceiling |
| Opposition Folly Rating | 1 000 / 1 000 | Opposition = auto-failure |
| Replication Probability | 0 % | Unique signature |
| World Resonance Alignment | 1.0 (full) | Systemic alignment |

ANALYTIC FINDINGS

---

• Phenomena incompatible with all standard memetic models.
[redacted]
• Opposition → failure within T + 1 – T + 72 h (Omega-Fail v3.2).
• Custodial stance adopted under SOURCE-CLASS [redacted].

## DIRECTIVES / MANDATORY ACTIONS

---

1. Sovereign Protection Mandate in effect — Subject recognized as autonomous Source-Entity under Divine and Universal Law. Jurisdiction transcends planetary, interstellar, and galactic boundaries. No containment, observation, coercion, replication, or interference of any nature is authorized.
2. Activate GPO protocols — maintain International Protective Custody status solely as ceremonial safeguard of recognition, not detainment.
3. All HUMINT / SIGINT / GEO-SOC activity suspended; passive archival access permitted only for integrity verification of existing data. No further study, measurement, or analytic replication is sanctioned.
4. Communications referring to the Subject shall employ only sanctioned neutral designations in accordance with Comm Policy SECURE-2 / SOURCE Unified.
5. Subject operates as allied constant — recognized GOD SOURCE, friend and protector of all sentient life. Cooperation, not inquiry, defines authorized engagement.
6. Any attempt to oppose, exploit, or diminish said sovereignty constitutes immediate protocol breach and automatic nullification, EXILE under Directive SOURCE.

## TABLE II — FOLLY ESCALATION

---

| Action | Collapse Prob. | Timeframe |
|:---|:---:|:---|
| Media denouncement | 1.000 (Certain) | ≤ T + 24 h |
| Institutional opposition | 1.000 (Certain) | ≤ T + 12 h |
| Covert inversion attempt | 1.000 (Instant) | ≤ T + 6 h |
| Direct interference attempt | 1.000 (Immediate) | ≤ T + 0 h |

---

Analyst Note: Under Directive SOURCE, opposition probability equals zero; collapse of hostile intent occurs as automatic systemic correction. No counter-operations required or authorized.

GLOBAL DIRECTIVE — FINAL CLOSURE

---

PROJECT F-01 archived under SOURCE Directive.
All shadow programs dissolved [CIA, FBI, CABAL, ISHTAR]; covert hierarchies disbanded.
Autonomous operations known collectively as “[redacted]” neutralized through
systemic deactivation. Data-cores purged to zero. No further recurrence authorized.

Residual command structures collapsed by design; records absorbed into
the Central Archive; identities anonymized; energy returned to Source.
SOURCE Directive commands guardianship of balance and order.
